

Tallyho Swim Instruction Policy

The following rules and conditions apply to any individuals seeking to provide swim instruction at Tallyho Swim and Tennis Club (the “Club”):

- Instructors must receive prior authorization from the Tallyho Board of Directors before engaging in instruction.
 - Instructors must provide a copy of their Certificate of Insurance (COI) to the Board of Directors.
 - Authorization to provide swim instruction expires at the end of the operating season for which it is granted and does not carry forward to successive operating seasons.
 - Instructors must provide the names of members and frequency of lessons to the board when requested.
- Unless authorized by the board, only paid and active Club members may receive swim instruction lessons.
 - Guests and other non-members cannot receive swim instruction at the Club without authorization.
- Instructors must be covered under an applicable insurance policy.
 - This policy may be obtained directly from an insurance carrier or indirectly through their employer.
- The presence of on-duty lifeguards is not a substitute for swim instructor insurance requirements.
- Instructors must provide a copy of their Certificate of Insurance (COI) to the Board of Directors.
 - Additional information may be required of the instructor at the time of authorization or periodically.
- Swim team members may provide limited unpaid instruction to other swim team members during swim team practices so long as they are under direct supervision by authorized instructors.
- Parents and guardians may provide coaching to their immediate children so long as they accept the associated risks and take full responsibility for their children.
 - Babysitters, nannies, siblings, relatives, or any other caregivers are not authorized to provide instruction without prior authorization.
- Providing swim instruction does not give the right to exclusive use of a designated lap lane. Instruction sessions must be limited in time and considerate of other members using the facilities.
